Florida Ski Council Trip

The town of Breckenridge, affectionately known as “Breck” to locals and visitors alike, serves up big mountain views, paired with vintage cool mountain town charm. At Breck, you don’t come to get away from it all, you come to be a part of it all! The energy, the adventure and the overall spirit of community that is stoked on life in the mountains. Charming and historic Main Street runs directly through the center of the Town of Breck, with the ski area’s Five Peaks serving as its backdrop. What started as a base camp for miners during the Gold Rush in the 1800s, is now a vibrant mountain town that offers a fun, funky and laid-back home-away-from-home atmosphere. Breck’s Five Peaks are home to more than 180 trails for skiing and riding, plus a whole bunch of take-your-breath-away above-treeline terrain in our high alpine that offer views for days. Our Five Peaks each offer their own style and personality, and together create endless opportunities to explore and discover new terrain and new adventures across nearly 3,000 acres. Beaver Run Resort where we will be staying offers the best location in Breck located between the mountain and Main Street Breckenridge with lifts right outside your doorstep. Shared condos will be available. Beaver Run offers services and amenities of a resort and conference center. It's the best of both worlds with 9 hot tubs, 2 pools, an arcade, on-site spa, dining outlets and hotel services. Optional rooms are available the Residence Marriott if you prefer hotel accommodations to condos.

There will be plenty of FSC activities to enjoy with your friends from other Florida clubs plus our own MSC group socials. Whether you are excited about the skiing, hanging out in the “funky” town of Breck, eating and drinking and combining your week of hitting the slopes and checking out all the town has to offer, this will be one action-packed amazing trip!
