January 18-25, 2025

Florida Ski Council Trip

Fresh air gives fresh perspective. Explore all four of Aspen/Snowmass mountains, accessible on a single lift ticket and united by a deep sense of place. Larger than our three other mountains combined, Snowmass offers burly steeps, inviting glades, and endless bumps, jumps, and groomers. You'll be challenged to ski it. Stay at Snowmass for a week of skiing or venture out for the day to Buttermilk, Aspen Highlands or Aspen Mountain for an exciting week with a variety of terrain. We are a destination like no other. Four mountains, two towns, and endless opportunities to connect—with nature and sport, culture and community. Snowmass is the largest and most popular of the Aspen ski resorts. It has a large amount of lodging and an abundance of easy terrain.

Aspen Snowmass is world-famous with its four distinct mountains that offer some of the best skiing in the world. Aspen Mountain is considered the "town mountain," known for its long groomers and steep gladed terrain. Buttermilk is great for beginners and families (and known for hosting the Winter X Games). Snowmass is a favorite of families, too, for its groomers and activities for kids, while it also boasts 3,500 acres of skiable terrain and 4,406 feet of vertical. And don't overlook Aspen Highlands' 4,352 feet of vertical and 1,500 acres of skiable terrain.

There will be plenty of FSC activities to enjoy with your friends from other Florida clubs. We will also have our own MSC group socials throughout the week. Whether you are excited about the Skiing in Snowmass or one of the other 3 mountains, hanging out in the "World Famous" town of Aspen, eating and drinking and combining your week of hitting the slopes and checking out all the town has to offer, this will be one action-packed amazing Ski trip not to be missed!
